## Team-work is the key to success

As in Formula 1 racing, the success of your business depends on team-work. At LBC Tank Terminals we understand your business needs and we have made it our goal to help you to be successful. LBC Tank Terminals is one of the world's largest operators of tank storage facilities for Liquid Bulk Chemical products. We have a combined storage capacity of 2.5 million m<sup>3</sup> at key locations in the USA and Europe and employees who are highly motivated, well trained and with the right levels of local expertise to provide unmatched support even in non routine situations. With a high degree of terminal autonomy, we provide short communication lines for a fast, flexible and personal service - in tank storage and value added services.

So if you want to be a winner call us.  
We'll be happy to join your team

## Team-work is the key to success

LBC is proud to support Álvaro Marinho and Miguel Nunes, two Portuguese sailors in their quest for Olympic glory. Currently leading the ISAF World Rankings in the 470 class, they consider teamwork the secret to their success. Tuning their boat in minute detail and performing each maneuver in smooth synchronization gives them the advantage needed to win at the highest competitive level. In business the same principle applies: only the best team will be successful.

At LBC Tank Terminals we understand your business needs and we have made it our goal to help you to be successful. LBC Tank Terminals is one of the largest operators of tank storage facilities for Liquid Bulk Chemical products. We have a combined storage capacity of 2.5 million M<sup>3</sup> at key locations in the USA and Europe. Our employees are highly motivated, well trained and have the right levels of local expertise to provide unmatched support even in non routine situations. With a high degree of terminal autonomy, we provide short communication lines for a fast, flexible and personal service – in tank storage and value added services.

So if you want to sail clear of the competition, make us part of your team. Together we will win by a boat length

## Team-work is the key to success

In the Rodeo, everyday life on the ranch and American history go hand in hand in an exciting competition of skill, courage and team work. A great partnership is key in bringing home the champions trophy. Also in business you need excellent partners to be successful. LBC Tank Terminals has been a partner of choice to the Chemical and Petroleum industries for many years.

At LBC we understand your business needs and we have made it our goal to help you be successful. Whether that business is Chemicals, Petroleum or Bio-fuels our people will find storage and logistic solutions that will optimize your supply chains. In addition our financial strength enables us to continuously grow with your business needs, as our, over \$ 250 Million, global investment program clearly illustrates.

LBC Tank Terminals is one of the largest operators of tank storage facilities for Liquid Bulk Chemical products. We have a combined storage capacity of 2.5 million cubic meters ( 18 million barrels ) at key locations in the USA and Europe and employees who are highly motivated, well trained and with local expertise to provide unmatched support even in non routine situations. With a high degree of terminal autonomy, we provide short communication lines for a fast, flexible and personal service – in tank storage and value added services.

So if you want to be a winner, call us  
We'll be happy to saddle up with your team

# A safe hand-off

[www.lbctt.com](http://www.lbctt.com)

## Winning the race with our partners

In a relay race, speed is important, but passing the baton is even more critical. Without a successful hand-off, the race is over.

At LBC Tank terminals, we offer our partners secure product handling, which allows them to finish the race and be competitive at the finish line.

LBC Tank Terminals is one of the largest operators of tank storage facilities for liquid Bulk Chemicals and Petroleum Products. The company operates a combined storage capacity of 2.6 million cubic meters (16 million barrels) at key locations in the USA, Europe and Asia. Our employees are highly motivated, well trained and with local expertise to provide unmatched support even in non routine situations. With a high degree of terminal autonomy, we provide short communication lines for a fast, flexible and personal service, in tank storage and value added services.

So if you want to win the race, call us
